DAYS RANTINGS

So i decided to continue despite the disheartening response from last chapter.

not much else to say..

having a good weekend and please spare a thought for the soldier who died in london.

Oh and feedback is appreciated

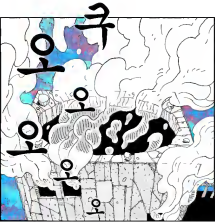

p.s if there is anyone who is fluent in Korean and wants to help on this series please contact me - i could do with a hand from someone who has more knowledge than me to get structure etc. sorted on.

DAV'S RANTINGS

SO, it seems that i had unexpected free time on my hands tonight, i'm soooo tired now! My day off consisted of getting 3 chapters done, i hope this didn't affect the quality!

It still stands that after this i won't have nearly as much time as today, as i have to fit study and work into a tighter schedule

once again...

for the last time today have a good weekend!

Dav- still looking for translation help.

DAYS RANTINGS

46 pages

I take advice and put this at the front so you can't miss it.

Sorry for the gap in chapters, I've been looking for a translator and study and work has been too much!!

but here you have it a new chapter.
I made a translation error in chapter 2 about the river name.

SO THE WINE IN CHAPTER 2 AND THE MILLENNIUM WINE IN THIS CHAPTER ARE THE SAME THING. I MADE A MISTAKE SORRY GUYS.
